

International Workshop on Sub-Task Fusion Neutronics under IEA Implementing Agreement on a Co-operative Programme on the Nuclear Technology of Fusion Reactors

17th September 2018, 10:45-13.20
Room PANAREA, ATAHOTEL NAXOS BEACH RESORT

during the 30th Symposium on Fusion Technology (SOFT)
Giardini Naxos, Messina (Italy)

Announcement

Dear Colleague,

It is my pleasure to announce that the next IEA International Workshop on Fusion Neutronics will be held on Monday, September 17th 2018 in Giardini Naxos (Messina) Italy, during the 30th Symposium on Fusion Technology (SOFT). The workshop will start at 10.45.

The purpose of the workshop is to report the progress in the activities by each party in the frame of the IEA collaboration and to discuss further activities and collaboration on issues relevant to fusion neutronics.

The meeting is open to scientists who may contribute to further strengthen neutronics research activity.

The reports and presentations will be arranged as in the agenda below.

Looking forward to meeting you in my beautiful Sicily

Rosaria Villari

AGENDA

Chairs R. Villari, U. Fischer

Time	Topic	Presenter	
10:45-10:50	Welcome & Scope of the Meeting	R. Villari	
Summary reports of each party -2018 WP			
	Country	Title	
10:50-11:20	Korea	Neutronics activities in Korea	CW. Lee
11:20-11:35	Japan	Neutronics activities in JA at QST	K. Kondo
11:35-11:50		Neutronics activities in JA at NIFS & JA Universities	T. Nishitani
11:50-12:05	EU	Neutronics activities in EU at ENEA	M. Angelone
12:05-12:20		Neutronics activities in EU at KIT	U. Fischer
12:20-12:35		Neutronics activities in EU at CCFE	L. Packer
12:35-13:05	China	Neutronics activities in China	P. Long
Discussion			
13:05-13:20	Discussion on 2019 WP, future collaborations & Next meeting	All	
13:20	Adjourn
